ITS NO TRICK TO DRESS WELL. When you can go into the leading cloth-ing house in the city of El Paso and from an ia men.a line of mens' apparel select most any kind of suit for the small sum of \$10, \$12 AND \$15 These goods are specially made for us, and no other house in the city can show you these patterns. Through our reliable dealing and giving our patrons the best values for their money, our business has increased to such an extent we are compelled to move into a larger store.

We have therefore rented the entire building formerly occupied by the Steffian-Krakauer Hardware Co, and shall be pleased to welcome you in our new place of business. November 1st. This will be the finest clothing house in the Southwest.

CLOTHING & FURNISHING GOODS.

THE CITY COUNCIL.

A Large Amount of Business Transacted at Last Night's Session. The council was in session last night or nearly three hours. The reading of the minutes of previous me tings developed that Alderman Brunner had been fined \$5 for absence. The fine was remitted. Then the city attorney had his innings, and a regular field day it was for him. His reports were as

follows: Relative to the claim of Ashael Smith for \$300 damages because of injuries sustained by falling over side-walk obstructions in the dark, City Attorney Kemp advised that the claim he declined; adopted.

The city attorney also reported: Re-

plying to your recent inquiry as to what street railway companies have forfeited their franchises by non-use and falure to comply with, I would state: I find in book D of your minutes, page 113, a confirmation of privileges granted El Paso street railway con pany, and City Railway company and the consolidation of the two under the name of the Ei Pa:o Street Railway company, is recognized. The right to build on certain streets is granted, the work to be done in tweive months, and most of this work seems never to have been done. The ordinance, however, specifies that the privlleges granted are for the life of the company's charter. Secondly, in book G, pages 44-51, I find extensive privieges granted on May 30, 1892, to J. W. Carnes, for an electric street railway and also for electric lights and power Nothing seems to have been done under this grant. Thirdly, I find in took E. page 225, street railway privileges and franchise granted to S. W. Russeil, A. M. Loomis, C. Q. Stanton and W. C. McGlennon. Nothing seems to have been done under this grant. The or-dinances granting the last two fran-chises specify that they are subject to a general ordinance regulating such matters dated January 20, 1888, and recorded in book E, page 223. This general ordinance is intended to be self-acting and to work a forfeiture, or lapse, of franchises upon failure of the conditions mentioned, and is intended to apply to all street railway fran-In reference to the two last franchises mentioned, it is specially mentioned in the respective ordinances granting them, as I have stated, and I hardly think it would be neces-sary for the council to take further

steps to declare forfeited any franchise n its scope. On retaxation of rolling stock, the city attorney also reported: Art. 8, Sec. 8, of the present state constitution provides that all property of railroad companies shall be asse-sed and the taxes collected in the several counties in which said property is situated including so much of the roadbed and fixtures as shall be in such county The rolling stock may be assessed in gross in the county where the principal office of the company is located, and the county tax paid upon it shall be apportioned by the controller is proportion to the distance such road may run through any such county, among the several counties through which the road passes as a part of their tax assets. Sec. 5, same article, provides that all property of railroad companies of whatever description, lying or being within the limits of any city or incorporated town wi hin this state. shall bear its proportionate share of municipal taxation. Art. 5083 R. S. 1893 puts in active operation the said Art. 8 Sec. 8 of the constitution, and provides the methods of rendering for axes the rolling stock in the county of the principal office, relief before board of equalization, apportionment between counties, etc. It seems to me that both sections of the constitution cited contemplates that the property which is to be taxed in the county or city respecthat in as much as rolling stock is constantly shifting from place to place, provision is made for its rendition in the county where the principal office is This relates to state and county taxes only. The constitutional articles cited made no provision in reand to municipal taxes on such property, and I believe that anticipating the great difficulty in the way of a fair and uniform municipal taxation on that kind of property, it was not intended to be liable to municipal taxation, but only to that of state and county. I am of the opinion that you should not tax railroad roiling stock.

The city attorney reported on the filling up of the accquia as follows: From my own understanding of facts and conditions, it is my opinion that under the powers, both expressly conferred by its charters, and farry implied, the city through its council has the authorthe same where it may interfere with or encroach upon the streets, alleys, highways or public property of the city. If in the indement of the order of the decrease of the city of the lader on the lader of the lade city, if in the judgment of the council

general public of the city. While this is my opinion, the question presented is one upon which I have been able to find no legal authority or decision in point, and I am of course unable to say whether a court in which the question might be brought would or not sustain my view. Of course, as is known to you, any damage to be apprehended by the city from any mistaken exercise of power in filling the acequia, would come from persons claiming prescriptive rights in this ancient acequia While I have expressed my own indi vidual opinion, in view of any doubt existing I would sugget before any action taken to fill up the acequia, that the health office authorities be consulted as A. Wagoner, 514 meals for pristo whether the accquia by reason of being (as I hear it is) a receipt for filth and pollution, menaces public H. P. Charman, killing 140 dogs 70 00 health: and also that the sense of riparian proprietors be taken as to the filling up of the ditch, as I incline to the belief as follows: that a large majority of them would Campbell, drugs. \$16 00 favor the same. This course may prevent questions that might arise, and HERALD. 50 also furnish a substantial basis for the Slack & Co.....

louncil's action in the premises.
In the matter of the ilst iron block property.

The September report of the city as sessor and collector was read by the dera. It showed \$839 60 codected on the tax rolls of 1896, and \$202.89 on the rolls of 1895; occupations, \$650.62; total. \$1693. 11. Referred to taxation commit

The city treasurer's report for the quarter ending Sept. 30, was read by tne clerk. The totals showed: On hand, June 30, \$37311.84; receipts, \$23190.13; disbursements, \$11,761.01; on hand, Sept. 30, \$48,740.96; warrants outstanding, \$50,129.20. An item zed statement of different funds on hand as follows: General fund, \$1448.07; special fund, \$30'2 73; street main tenance, \$1832.28; real estate, \$815.91 artesian water,\$209.83; sewer extension \$1195 62; street improvements, \$175.44; contingent, \$20.18; sewer bonds S. & I., \$1772.72; water works bonds S. & 1., \$11,534 47; funded indebtednesbonds, S. & I., \$2183.01; public school bonds, S. & I., \$3345 21; artesian water boncs, S. 1., \$5555 56; levee, \$3943 90; Chas. B & Jno. A. E1dy, \$10,000.

Total, \$48,740.96. The itemized receipts were, Eddy Bros. \$10.000; J. H. Smith, \$4818.16; J. R. Harper, Co. Judge, and Mayor Magoffin, \$3943.90; C. K. Locknart \$3773.00; H. R. Hillebrand, \$534.50; J. L. Whitmore, \$75.00; Mrs. Robinson, \$35.67; Judge Kemp, \$9.40; Harry harman, 50 cents. Total \$23190.13. Re

The city attorney was requested to investigate the position taken by Mr. legmire in refusing to pay further rental on Merri 1 property which he and the city owned jointly.

In the matter of the city attorney's eport on the street railway status, he was given until the first meeting in November to report on the revoking of all rights of the street railways not in use. The idea was that no street railway should have tranchises they do not use, and which may be an ob struction in the way of other concern ready to come forward and do some

thing. The report of the chief of police for September showed, as Judge Coldwell remarked, the largest collected known in the history of the city. The fines imposed were \$1664; fines co. lected, \$1431; fines served, \$206; escaped, \$26. Mr. Withmore for the street and grades committe reported that Agent Conklin for the Cottage saloon property tively should have a location there; but had promised to have the premises repaired without delay.

The petition of the Campbell Real

Estate company for sewer extensions be

tween Idaho and Rio Grande and Idaho

and Montana streets was granted and

1,000 feet of sewer pipe to cost \$275 were ordered. An ordinance prepared by the city attorney regulating the granting of building licenses was adopted. The icense will be one dollar, the city lirk to receive 25 per cent of the reeipts for his trouble. The fines for violating this ordinance range from \$5

An ordinance providing for granting te petition of the Campbell Res Estate company relative to land south of the Santa Fe reservation was passed. Mr. Clifford for the finance committee reported favorably on these bill which were allowed: Sewer commissioner...... 1 50

The clerk reported an itemized statement from the board of health relative to the flood period. The bulk of the council a spasm, and reading was de-

fered until a more convenient season. G. W. Emerson petitioned the council for a release in full, or a quit claim deed to certain property on pay-ment of taxes of 1856 and 1896. Petition also stated that city, as shown by the tax rolls, had erroneous claims against his property for the years of 1894-5-6. Chairman Robinson of the taxation committee recommended that a release be granted, he having found at the session, and a resolution was intne claims erroneous as stated. The recommendation was voted down on Alderman Coldwell calling attention to the fact that the city had a contract with M llard Patterson for the collection of all back taxes. It was voted to refer the matter to Mr. Patterson. A. Solomon notified the council that

he could keep stand pipes and street sprinklers in repair for \$10 per month. Mr. Whitmore reported the stand pipes in bad condition and the sprinkling wagon as about done up. The sense of the the needed repairs, and Mr. Solomo need not be paid anything. A petition of Max Senutz for leave

to put up a corrugated iron building was refered to the building committee Judge Buckler, Judge Wilcox and forty other residents of ward 4 petitioned for the sprinkling of streets in that ward, as the dust was a nuisance. The council, however, did not seem to think the whole town could be sprink led, and the petition was refeared to the street and grades committee. On Mr. Whitmore's motion,

clerk was authorized to call for bids for seven tons of coal for use by the city; and the supply of ice was ordered out off immediately.

It was claimed that the Texas & Pacific was under obligations to grade Sixth street, and the city attorney was

authorized to ascertain if this obligation had been complied with. chairman of the finance committee wainstructed to see what could be done about collecting rent from Washing-

President Edwards, of the fire department, notified the council of the action the previous night of the fire directors allowing Hempel, the injured hos wagon driver, \$25 per month while disabled. On Judge Coldwell's motion the council ordered Hempel be paid a iriver's pay for one month. Edwards took occasion to emphatically
